Gary,
For the CC Harris County is available;
Tuesday 1/7 after 1:30
Weds 1/8 after 3:30
Thursday 1/9 morning
Friday 1/10-if needed

Also, can you email us the Port of Houston and TCEQ comments for our review prior to next week's conference call?

Thanks, Bob

Subject: FW: TCEQ, Harris County, & Port of Houston Comments on San Jacinto Waste Pits Draft Feasibility Study

Folks,

Attached are the Harris County comments on the draft Feasibility Study for San Jacinto. I would particularly like to discuss comments #22 and #23 regarding an additional alternative for the northern waste pits. I think this has a lot of merit, but would like to discuss it with the group so that the comments back on the draft can be as specific as possible. For example, area included (based on area, or water depth, or concentration contour?), type of physical barrier (berm, inflatable tubes, sheet pile, some combination?). Because of the upcoming holidays, the week of January 6 will probably be the best time to have a call on this – please let me know your availability then.

Thanks,

Gary Miller

Attached are the comments from TCEQ, Port of Houston and Harris County on the FS. I was incorrect when I said that we had received comments from the natural resource trustees.

Thanks.
